

Year 12 Product Design Transition Work

'Designers'

As part of the course in September, you will explore and study a selection of 20th Century Designers. Try to use the internet you research and observe designers work. Explain what made them influential, their history and pick some iconic designs to analyse. Work should be presented and fit on 1 A3 page. Produce drawings/sketches (copies) of some of their work, and explain what you like about their work.

You may complete more if you wish.

Ettore Sottass

Charles and Ray Eames

Dieter Rams

Karim Rashid

Marcel Breuer

If you have access to the internet have a go at teaching yourself a CAD software, we advise you using on shape <https://www.onshape.com/education-plan> A help sheet is also attached.

Also attached is 10 different challenges you could have a go at.
