

Dear Parent/Guardian,

Shrewsbury Town NCS are excited to deliver an unforgettable experience. This October, we will be delivering an urban programme which will see the young people take to one of the big cities in the UK. This is an exclusive offer and has been designed specifically for Sixth Form and College students only, so there are very limited spaces available.

The NCS programme offers young people, aged 16-17, a once in a lifetime opportunity to do something meaningful with their October break, as well as a chance to develop skills and take on new challenges that will set them up for adult life. They will also do something positive for their local community, carrying out a project to support a cause they care about. We have seen first-hand what an amazing feeling of accomplishment and increased confidence this brings. Last year, teenagers on NCS donated 200,000 hours of their time to help rebuild their communities after the first lockdown, showing what a difference young people can make when they work together.

Over the 2-week experience, your young person will get three days to explore the city of Liverpool and will have an exclusive hands-on university taster experience at Liverpool John Moore University. As well as jam-packed tour to visit and explore all of the hot spots of Liverpool city. They will get a chance to try exciting activities such as street graffiti, go to the top of St John Beacon Media Tower, city cooking class, Liverpool hotspot boat tour and a visit to the National Museum and planetarium. The next three days will be located at Shrewsbury Town Football Club where they will have a wide range of exciting sessions such as a driving experience, creative media, self-defence, bike handling, mocktail mixology, music, self-defence, famous inspirational speakers, animal experience and so much more. The final part of NCS will be all about creating a social action project for a cause or charity they are passionate about.

NCS is all about helping teenagers realise their potential by giving them a taste of independence and loading them with new skills that set them up to achieve their future goals, whatever these may be...and this year, it's your teen's turn!

We will be attending your son's/daughter's School/ College over the next couple of weeks to talk more about the NCS Autumn programme. We will answer any questions your teen may have (at a safe distance, of course) and give them a chance to register their interest for the summer 2021 programme at [wearencs.com](http://wearencs.com).

A place on NCS is worth around £1500. However, thanks to government funding for the programme, this experience will be **FREE**. However, there are only a few spaces for this very popular experience and it will work on a first come first serve basis, so don't waste any time with securing a place! This may possibly be the last chance your teen will be able to take part in an NCS experience.
