

Destination Data Review 2021

Year 13 Destination Data

- Of the 55 students on roll in Year 13 in the academic year 2020/21, 49 responded to the requests for information from Mrs Evans about their destinations.

Destination	Count	Percentage
Apprenticeship	1	2%
Employment	5	9%
Gap Year	5	9%
University	38	69%
Unknown	6	11%
Total Students Record	55	NA

- The destination data shows that the majority of students went on to attend university, 69%.
- The joint second placed activities were employment and gap year.
- Apprenticeships were under represented, with the students who were part of the apprenticeship development group, choosing employment over further training.
